RED BLEND

COLCHAGUA VALLEY, Chile | Estate Bottled Red Wine

COLCHAGUA VALLEY, CHILE

The 2014 harvest began and finished later than normal, from mid-March to late-May. During this cool extended harvest, late-ripening varieties such as Carmenere and Cabernet Sauvignon flourished. Temperatures being 5 to 8 degrees lower than the average harvest, allowed for lighter more elegant wines.

TASTING NOTES

A deep red color. On the nose, bright red fruit and toasty aromas. It is an expressive, plush red blend, with plums and soft tannins on the finish.
